

## **Overview**

The Department of Medical Surgical Nursing provides courses related to adult nursing and advanced nursing practice within the framework of the curriculum of Kerala University of Health Sciences and the Indian Nursing council (INC).

The department provides student focused teaching and learning experience that helps the students to gain confidence in their nursing knowledge, skills and attitudinal practice. The well experienced faculty of the department focuses on the students' knowledge, skills and altitudinal acquisition to meet the demands of changing patient demographics, disease severity and complexities in health care technologies.
